## **CLAIMS 1-27 ARE PRESENTED FOR EXAMINATION**

The Terminal Disclaimer filed May 14, 2003 has been accepted by the United States Patent Office.

A review of the claims of this application has the following effect.

### **DETAILED ACTION**

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Wurzburger et al. (5,571,336)

Wurzburger et al. teaches a method of preparing applicant's claimed solution at column 2 line 1 to column 3, line 12 wherein a cleansing solution of CaO and sulfuric acid is prepared and the cleansing solution is used to clean metal and is environmentally acceptable. Applicant's claims 3-5 drawn to a pH of less than 2.5 would be inherent in the solution formed by claims 1, 2, and 6.

Claims 7-29 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim, claim 7 and any intervening claims.

None of the claims are allowed.
